

VOLVO PENTA INBOARD PERFORMANCE SYSTEM

IPS 900 ELECTRIC

General Data

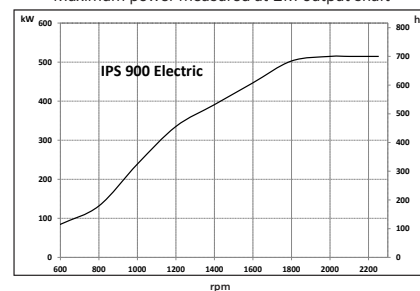

System designation	IPS 900 Electric
Electric Motor (EM) power	515 kW @2250 rpm
Rating	R3
Dry weight with IPS30, approx. kg (lb) *	1485 (3274)
Propeller series	Q1–Q8, QS5
Traction voltage	770 V DC nominal
Voltage	24 V
Speed range	19 to 40 knots

Technical data according to ISO 8665-2.

* weight including mounting brackets, flexible mounts and standard CV-shaft, bell housing

Power

Maximum power measured at EM output shaft

Torque

Maximum torque measured at EM output shaft
