

EXTENDED COVERAGE

For industrial products

Take control of your operational costs and get more operating hours with full coverage

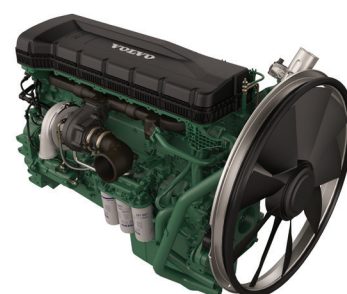

As one of the world's leading manufacturers of industrial engines, Volvo Penta offers you a comprehensive package of service solutions.

The Extended Coverage service applies when the AB Volvo Penta International Limited Warranty (or national warranties) has expired, and can be chosen based on three parameters: Operating hours, number of years and components included.

With the Extended Coverage service options, you can take control of unforeseen repair costs. As this service is locked to the engine, it will also increase the resale value of your application. It covers repair and replacement of defective parts. This includes all Volvo Penta branded products, excluding consumables such as wear and tear parts, filters, hoses and belts.

The Extended Coverage service is ordered with the engine or at latest before the AB Volvo Penta International Limited Warranty (or national warranties) has expired.

Options for Extended Coverage service				
Operating hours	Years (from delivery)			Engine components to cover
	2	3	5	
0-4000		X	X	All
0-5000	X			All
0-6000		X	X	All
0-10 000		X	X	All ¹⁾
6001-10 000 ²⁾		X	X	Major ³⁾
0-10 000		X	X	Major ³⁾

The Extended Coverage service is available for all off-road and power generation engines.

1) Valid for injectors and related parts up to 6000 hours.
 2) This option requires the 0-6000 hour version with equal length.
 3) Refer to next page for complete list of major components.

General

- Available world-wide, with a few exceptions, for all Volvo Penta branded Industrial products.
- To be purchased when the engine is ordered, or as long as there is a valid AB Volvo Penta International Limited Warranty.

Prerequisites*

- During the product warranty and Extended Coverage service periods, the service intervals must be performed and documented according to the Volvo Penta Service Protocol and specifications, by personnel authorized by Volvo Penta.
- The Extended Coverage service does not apply to defects caused by misuse or incorrect service.
- The warranty registration in Product Center is valid.

List of major components

(Attachment fittings and gaskets to the components are included)

- Cylinder head casting, cylinder block.
- Crankshaft, piston, piston liner kits.
- Valve mechanism.
- Inlet manifold, exhaust manifold.
- Flywheel, flywheel housing.
- Camshaft gear and timing gear plate.
- Camshaft, rollers and rocker arms.
- Camshaft and crankshaft dampers.
- Charge air cooler, oil cooler.

How to order

- Contact your Volvo Penta business partner or representative.
- State Engine serial number.
- Specify requested Extended Coverage service.
