QUALITY – SAFETY – ENVIRONMENTAL CARE

Quality. Safety. Environmental Care. These are Volvo Penta's core values and our commitment to you, the Volvo Penta owner. From engineering design and manufacturing to support activities in Parts, Service, and Sales, we have set ourselves high standards to ensure your satisfaction with your Volvo Penta product.

The coverage detailed in this Warranty Booklet demonstrates the confidence and quality commitment we have in our product. Take the time to review your responsibilities as an owner, as well as Volvo Penta's obligations and responsibilities under the terms of your limited warranty. Your Operator's Manual fully explains the operation and required maintenance of your Volvo Penta power package; it should be reviewed by you and others who operate this equipment.

Volvo Penta on the Web

Volvo Penta is located on the world-wide web at www.volvopenta.com

Dealer Locator Number

For the name of your nearest authorized Volvo Penta Dealer consult your yellow pages, call toll free 1-800-522-1959 (USA only), or visit www.volvopenta.com.

Warranty Coverage

Your Volvo Penta warranty coverage starts on the day you take possession of your new Power System regardless of how or when you use your Power System. On the day your new Power System is delivered, the Volvo Penta dealer should register the product using Volvo Penta's online Product Center. To enable you to assert your rights in connection with this warranty, our dealers will check warranty validity in the Product Center. For your convenience, the dealer can supply a printed copy of the warranty registration for safekeeping in the CD folder which contains additional warranty information. If your Power System is not warranty registered at the time of delivery by your selling dealer, you will be asked to present written proof of ownership and/or delivery date to obtain warranty coverage. For warranty coverage of repair parts or accessories, a copy of the relevant invoice or receipt is valid as proof of the in-service date. Contact your Volvo Penta dealer if you have not received an Operator's Manual or if you are uncertain whether product registration has been carried out.

Transfer of Ownership

The Volvo Penta Limited Warranty is transferable to subsequent engine owners at no charge. If there is a change of ownership or address, complete the Product Registration Update Form located in the back of this booklet and mail to Volvo Penta.

If You Have a Problem

Your satisfaction with our products and dealer services is important. Volvo Penta takes pride in producing durable, reliable products, and our efforts are supported by a strong dealer network. If you have questions about service or your Product's performance, your Volvo Penta dealer will be happy to answer them. There may be times though, that in spite of the best intentions, differences develop between a Product's owner and a dealer. If this happens to you, Volvo Penta and your dealer will work together to pursue a reasonable resolution.

Extended Protection

Extended protection coverage may be available for your Industrial product. Contact your Volvo Penta dealer for more information and ask about *IXC*.

If you experience a problem with your Volvo Penta product:

Maintain a written record of events (the problem, related conversations/with whom, important dates, etc.), as well as any supporting documents (invoices, work orders, etc.). Then, take the following steps:

1. Discuss the matter with the appropriate department manager at the dealership (e.g., Service Manager, Parts Manager, etc.). Explain exactly what caused the problem and ask what action will be taken.

If the matter remains unresolved after a reasonable amount of time:

2. Discuss the matter with the Dealer Principal (usually the owner or co-owner of the dealership). Explain what occurred in step 1.

If the matter is not resolved within a reasonable amount of time:

3. Contact Volvo Penta Consumer Relations at:

Volvo Penta recommends that you retain all receipts covering maintenance on your engine. This record of proper maintenance may be required to determine warranty coverage on certain repairs and should be transferred to each subsequent owner. While Volvo Penta cannot deny warranty coverage solely for the lack of receipts or your failure to ensure the performance of all scheduled maintenance, Volvo Penta may deny coverage if your Volvo Penta engine or a part has failed due to abuse, neglect, improper maintenance or unapproved modifications.

You are responsible for presenting your Volvo Penta product to a Volvo Penta authorized distributor or dealer as soon as a problem exists and use all reasonable means to protect the product from further damage. The warranty repairs will be completed in a reasonable amount of time.
