INTRODUCTION

New Volvo Penta industrial engine configurations, parts and accessories and components (herein "Product" or "Products") are covered by the Volvo Penta International Limited Warranty (herein "Warranty") according to the terms, conditions and limitations stated herein. Engines type-approved for conformity with US EPA or California ARB regulations are also covered by the Emission Control System Warranty Statement (available at www.volvopenta.com). This Warranty is offered by AB Volvo Penta to the owner or end user of a Product (herein "Customer") and is in addition to any rights that Customer may have under applicable mandatory law.

This Warranty will be fulfilled in cooperation with Volvo Penta Business Partners (including Importers, Distributors, Dealers and Workshops, that have been authorized by Volvo Penta).

On the day the new Product is delivered, the party who sold it, or a Volvo Penta Business Partner, will register the Product online in Volvo Penta's Product handling system called Product Center. For convenience, a printed customer copy may be obtained from a Volvo Penta Business Partner. For information on how Volvo Penta handles personal data pertaining to the Product registration, please visit www.volvopenta.com.

To enable Customer to assert its rights in connection with this Warranty, the Volvo Penta Business Partner will check the warranty validity in Product Center. A copy of the relevant invoice or receipt is valid as warranty certification for replacement parts and accessories.

Contact a Volvo Penta Business Partner if an Operator's Manual has not been received or in case of uncertainty whether product registration has been carried out or not.
